## YOUTH ACHIEVEMENT DEPARTMENT

Edited by  
**JUDGE WILLIS BROWN,**  
Chairman National Youth Achievement Committee

### A MAYOR'S MESSAGE

THE city of Chicago is the second city in the United States to recognize that boys and girls are citizens and entitled to responsible recognition, the same as are adults.

When Judge Willis Brown inaugurated his great work in the state of Utah he immediately organized the city of Salt Lake into a boy city or junior Salt Lake. Then he depended upon the boys and girls to see that very few of the junior citizens violated law. As a consequence the Salt Lake juvenile court presided over by Judge Brown had 50 per cent fewer children per population than any other court in the land, and when one considers that the age of jurisdiction in Utah is up to the eighteenth year this proved the wisdom of making boys and girls responsible.

In commenting on the new department of youth achievement inaugurated in the city of Chicago Mayor William Hale Thompson says: "I am glad to recognize the achievement youth of Chicago through the certificate and badge containing a star for each definite achievement. I know of no paper to which I will attach my name with more pleasure and with no sense of greater responsibility than the certificate which signifies that a boy or girl

has by his or her achievements advanced in this aristocracy of labor and

MAYOR THOMPSON OF CHICAGO.  
Proud to wear the three stars of honor for the things done which are worth while."

### What Kind of a Father Are You?

By JUDGE WILLIS BROWN.  
Is there anything more important in this world to you than that boy of yours?

The world is full of helpless, dependent and wavering boys. These all have fathers.

What kind of a boy are you the father of?

School instruction today does not necessarily mean efficiency. Education is proved only by application of learning to do things.

Business men claim that only one in ten boys who apply for positions possess knowledge of how to do concrete things.

Less than 5 per cent of the boys in the public schools do anything worth while outside of the schoolroom.

Are you one of the 95 per cent of fathers of boys who do nothing?

Better stop right now, father, and call your son and ask him:

Son, what have you ever done?

If you are not anxious to have your son enlisted in the business game of achievement and to be recognized officially as a worth while young citizen you are not a father, but an excuse.

There are three kinds of fathers—cowards, strangers and chums.

The "cowards" are afraid ever to make any test of their boys' real worth to the world. These say, "Mind your mother, son, and study your lessons."

The "strangers" meet sons occasionally at the table and about the house, boss a little, sometimes get angry and slug a little, but never really live and see visions with the boy.

The "chum" father remembers he was a boy and puts his kid in every and all games that will make him manly and ahead of the other boys, if possible. Team work—father and son.

I am a chum father. Are you?

What kind of a father are you if you do not talk this Achievement movement over with your boy and get him in this game of life?

My proudest moment was when the governor of the state, before a whole legislature assembled, delivered to my sixteen-year-old son a certificate of achievement bearing the seal of the state, thus signifying that my boy had accomplished four things worth while and was of importance to the state over the boys who were waiting and marking time and doing nothing really worth while.

Are you a chum father?

## HOW TO SECURE THE EMBLEM OF ACHIEVEMENT

Any boy or any girl under the age of eighteen years who has ever done anything worth while can send in a report of any achievement or achievements, together with proof of same. The endorsement of any reputable adult is required, preferably the teacher or principal of the public school attended if school session and the applicant for the emblem is a pupil. The national committee has provided that certain papers throughout the country shall be the official representatives of the movement.

Therefore this report of achievement can be sent direct to the paper in your community or district which represents the Achievement movement, to the principal of the school attended, to the business or civic organization interested in promoting the work in any local community, or direct to the national committee headquarters in Chicago.

If the Achievement is considered worthy of recognition a first certificate will be granted. This certificate is issued by the national committee and bears the signature of the president of the national committee, together with the Achievement seal. Accompanying this certificate will be the emblem of Achievement, which contains one star and places for four additional stars.

For the second Achievement a like report must be made, and the emblem must accompany the report. If this is granted a certificate will be issued. This certificate will be signed by the president of the business or civic or educational organization under whose auspices the movement is conducted in any community. Then an additional star will be permanently fastened in the emblem, and this, with the additional certificate, will be returned to the boy or girl to whom issued.

For the third Achievement, when the report is made and emblem returned for the additional star, the certificate will be signed by the mayor of the city.

The fourth star is represented by a certificate called the governor's certificate and is signed by the governor of the state.

The fifth Achievement is represented by a diamond star and a president's certificate issued at Washington.

### Application and Report of Achievement
